Here is The Complete PDF Book Library. It's free to register here to get Book file PDF Obiee 11g Rpd Development Guide.

## Deploying RPD and Catalog in BI 11g

February 10th, 2019 - In OBIEE 10g the current running rpd and catalog files are configured in two files called NQSConfig ini and instanceconfig.xml respectively So If we want to change the current running rpd and catalog in OBIEE 10g we are opening the file and we are changing the rpd name and catalog name into these files

## nqcmd OBIEE nl

February 5th, 2019 - nqcmd is the ODBC command line tool that always has and hopefully always will shipped with OBIEE It enables you to manually fire queries directly at the BI Server rather than through the usual way of Presentation Services generating Logical SQL and sending it to BI Server

## JAVASCRIPT OBIEE nl

February 10th, 2019 - JavaScript is a powerful tool that can be used to add functionality to OBIEE dashboards However for many whose wheelhouses are more naturally aligned with Stephen Few rather than John Resig adding JavaScript to a dashboard can be intimidating To facilitate this process steps can be taken to centralize and simplify the invocation of this code

## ORACLENERD SELECT INTO or LOOP

February 10th, 2019 - I ve always used the SELECT INTO syntax to retrieve data into variables Lately though I ve seen the LOOP structure used Personally I like the SELECT INTO it seems clear and concise to me
